LICENSING SUB COMMITTEE

10 February 2021

Subject: Decision regarding the suspension of a Private Hire Operator Licence No. 86 – Mr Samit Biswas (Hippo Mobility)

Report of: Head of Licensing and Safer Communities

1. Purpose of Report

The Sub Committee is to hear the appeal against the suspension of the Private Hire Operator Licence No. 86 of Mr Samit Biswas (Hippo Mobility). This report contains relevant details relating to the appeal submitted to the Council by Mr Samit Biswas.

2. Background

On 5 February 2019, Mr Samit Biswas applied for the grant of an operator licence with Castle Point Borough Council. Operator Licence No. 86 was subsequently granted and issued on 2 April 2019. (See Appendix 1).

On 2 April 2019 Samit Biswas applied for the grant of a Private Hire Driver (Restricted) Licence and 3 Private Hire Vehicle (Restricted) Licences. On 11 April 2020 Private Hire Driver (Restricted) Licence No. 679 and Private Hire Vehicle (Restricted) Licence No.'s 589, 590 and 591 were subsequently issued. (See Appendices 2, 3, 4 & 5).

In June 2019 Private Hire Vehicle (Restricted) No. 589 was cancelled by Mr Samit Biswas.

On 13 September 2019 the Licensing Department received a complaint from an ex Hippo Mobility driver stating he had been conveying vulnerable passengers whilst un-licensed for the company under the instruction from Mr Samit Biswas. This complaint was not pursued as no further information to support the claims was provided. (See Appendix 6).

On the 15, 16, 27 October and 3 November 2020 the Licensing Department received information in the form of an email which highlighted possible breaches of the operator licence No. 86. The email contained numerous details associated with the licence suggesting the content was valid and accurate.

The email report referenced the use of unlicensed drivers and unlicensed vehicles being used by the Operator for the conveyance of vulnerable passengers including children. Additionally, it stated that the Council's licenced vehicles were also being used to convey passengers who were residents from local care homes, by unlicensed drivers. (See Appendices 7,8,9,10).

As a result of this complaint, the licensing department commenced an investigation into the alleged breaches of Operator's Licence No. 86.

On the 29 October 2020 the Licensing Enforcement Officer Mr Neil Gale attended Hippo Mobility's Operator office at the Shafer's Centre, 677 High Road, Benfleet to conduct a licensing Inspection.

Although not initially present, Mr Samit Biswas arrived approximately one hour later and was informed why the visit was being conducted. During the visit copies were requested of all relevant material pertaining to Operator's licence No.86 between 1 September and 29 October 2020.

Specific copies requested included mileage books (See Appendix 11); office diary (See Appendix 12); insurance certificates (See Appendix 13); driver's licences (See Appendix 14) and contracts associated with work Hippo Mobility had conducted between the said times. (See Appendices 15, 16 & 17). All requested items were subsequently provided but their lack of clarity caused difficulties during the investigation. (See Reference - 'Conditions of Licence – Records, Appendix 18).

As a result of the enquiries made by the Licensing Enforcement Officer Mr Neil Gale it was established that Hippo Mobility had seven vehicles in use, but only two of them were licensed by Castle Point Borough Council. These are Private Hire Vehicle (Restricted) Licence No's 590 and 591.

Enquiries also revealed that Hippo mobility had several drivers. With the exception of Mr Samit Biswas, Hippo Mobility had just one other driver licensed by Castle Point Borough Council, but that driver had left the company prior to the commencement of the investigation and initiated a grievance procedure against Mr Samit Biswas.

Two of the several drivers employed and driving for Hippo Mobility were unlicensed and in the process of applying to Castle Point Borough Council for the grant of a Private Hire Drivers Licence.

During the outset of each of these two applications both applicants admitted to the Licensing Enforcement Officer Mr Neil Gale that they had driven for Hippo Mobility whilst unlicensed and under the instruction of Mr Samit Biswas.

The first of these drivers was refused a licence, a decision upheld by the Licensing Sub Committee. The second of the two drivers were subsequently dismissed by Mr Samit Biswas.

The material provided during the licensing inspection contains evidence which supports unlicensed engagement of both drivers by Mr Samit Biswas. Consequently, neither driver would therefore have been insured whilst driving for Hippo Mobility and conveying vulnerable passengers.

On 11 December 2020 Transport for London officers attended the Hippo Mobility operator office to conduct an interview with Mr Samit Biswas. At the conclusion of the interview Mr Samit Biswas was reported for i) using unlicensed vehicles, ii) using unlicensed drivers and iii) no Insurance.

The 'Hackney Carriage and Private Hire Licensing Policy' states under the 'Conditions of Licence (Operator)' that:

'The operator shall not employ or otherwise engage whether directly or indirectly any driver to drive any private hire vehicle for which the operator invites or accepts bookings unless the driver has been granted the appropriate licence by the Borough Council'.

The Hackney Carriage and Private Hire Policy was adopted to maintain the safety of public transport vehicles, drivers and paying customers. All drivers, vehicle owners and operators are expected to comply with their licensing conditions and ensure they continually meet the standards required to hold a licence issued by Castle Point Borough Council. Failure to comply with the requirements of the policy puts the safety of drivers and passengers at risk.

The operator Mr Samit Biswas has failed to comply with the licensing conditions. On 22 December 2020 Mr Samit Biswas was therefore given notice that Operator Licence No. 86 was suspended with immediate effect.

The legislation relating to the suspension of a licence falls under Section 62(1) of the Local Government (Miscellaneous Provisions) Act 1976 (LGMPA). Under this section a licensing authority can suspend, revoke or refuse to renew an operator licence on any of the following grounds:

- (a) any offence under, or non-compliance with, the provisions of this Part of This Act;
- (b) any conduct on the part of the operator which appears to the district council to render him unfit to hold an operator's licence;
- (c) any material change since the licence was granted in any of the circumstances of the operator on the basis of which the licence was granted;
 - (ca) that the operator has since the grant of the licence been convicted of an immigration offence or required to pay an immigration penalty or
- (d) any other reasonable cause.

In addition to failure to comply with the policy, the Council believes the aforementioned information brings into question whether Mr Samit Biswas is a 'fit and proper person'.

3. 'Fit and Proper'

The definition of what is a fit and proper person is not defined in law however the generally accepted test is:

- Would you allow your son, daughter, mother, spouse or other person you care about to get into a vehicle with this person alone?

This definition was supported in the judgement by HHJ Silber in the case of Leeds City Council v Hussain which surrounds the suspension of a driver:

...'the purpose of the power of suspension is to protect the users of licensed vehicles and those who are driven by them and members of the public. Its purpose is to prevent licences being given or used by those who are not suitable people taking into account their driving record, their driving experience, their sobriety, mental and physical fitness, honesty and that they are people who would not take advantage of their employment to abuse or assault people.'

4. Legal implications

Decisions in relation to the grant or suspension of a licence give rise to the obligations under the Human Rights Act 1998. The Council will therefore ensure that there is an Appeal hearing before the Licensing Sub-Committee. It should be noted that Mr Samit Biswas has the right to appeal the decision made by the Council to the Magistrates Court if he is aggrieved by the decision of the Sub-Committee.

Exit from the EU (Changes to legislation): There are currently no known outstanding effects for the Local Government (Miscellaneous Provisions) Act 1976, Part II.

5. Options

The Sub-Committee is advised that it has the following options:

- (i) Uphold the appeal.
- (ii) Dismiss the appeal.

Recommendation - Suspend the Private Hire Operator Licence

The decision of the Sub Committee is required following proper consideration of the appeal and any representations made to the Sub Committee.

Dear licencing
i just made a call to you and you asked for this in writing so here goes.

i am not the only one he has done this to or with...
He just talks a good story but all is lies

I was in jail for 5 years i saw a advert for drivers on Indeed
so i contacted a man called samit biswas who lives
he said i could drive his vehicle with no problem as he has something CQC and i have no idea what this is but he said
i don't need any checks and can drive, for me it was a great start to being out of jail
After 4 days i realised, that all was lies and i do this because of 2 reasons one he has not paid me and two i think its
wrong for this kind of thing to go on and i might contact the local MP as it must stop its our NHS and who is he to do
this to vulnerable people. I have picked up some very sick people and driven them i now know this is wrong and it
worries me.
Samit has said he wont pay me because i cant prove i worked there but i have some of the job sheets and most of
his whatsapp messages
i do not give you permission to give out my name or details only for your internal use and need as he has threatened
me physically and i cant go back to jail

regards

In addition I note the website makes the following claims that are suspicious :

🔒 hippomobility.co.uk

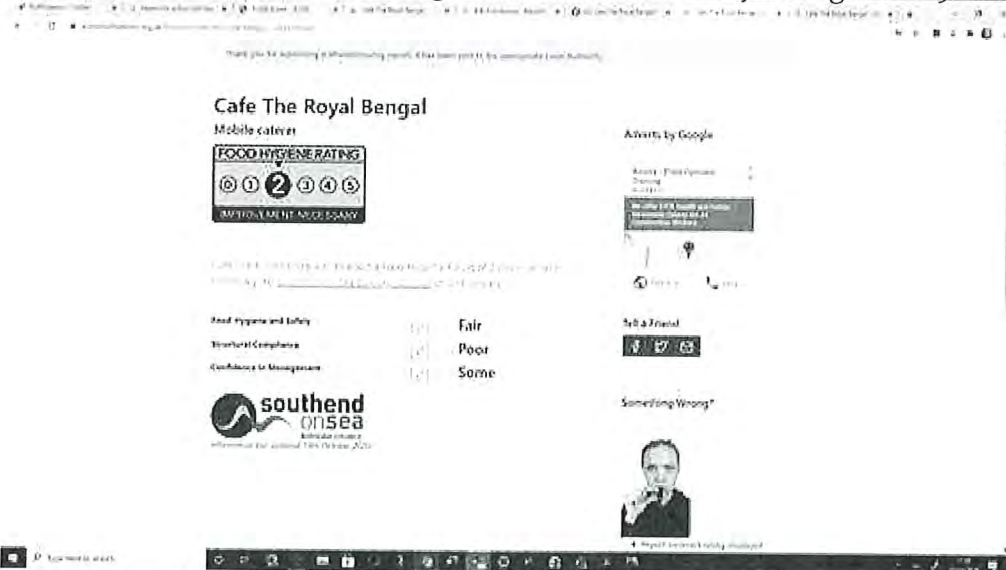

HOME

It seems improbable the

I am also concerned that a business owned by this operator operating in a neighbouring borough is misrepresenting its food hygiene rating & potentially misusing the furlough scheme.

<https://www.scoresonthedoors.org.uk/business/cafe-the-royal-bengal--1202918.html>

Based on my investigations so far this points towards my being concerned that the licence holders and associates are not fit and proper and where they are not direct licensees should not be involved with the business.

I am also concerned a crowdfunding for a vehicle is in place for what is a business and not a charity.

<https://www.crowdfunder.co.uk/hippo-mobility-transportation-4-disabled-elderly>

Companies house shows this information however I am not sure if this is the licence holder.

<https://find-and-update.company-information.service.gov.uk/company/07953430/officers>

<https://nextfin.uk/equity/pitches/hippo-mobility> Shows the company number listed seeking business funding.

If current local legislation is not in place to prevent individuals associated with the business being involved in its operation I would request that the licensing team look to make this aspect more robust via a change to terms and conditions.

Wishing you and yours good health.

I Believe that Castle Point seem disinterested in acting against the company concerned.
 Given the fact that that three drivers have TFL licenses and are in unlicensed vehicles I am formally requesting a Stop is enforced on the index numbers provided when Schools resume next week a triple license lock does not exist.

I will make separate representations to The Castlepoint Chief Executive as I understand a driver who has since left advised he was driving an unlicensed vehicle where no further action occurred.

The Rotherham case should be enough to ring alarm bells in this instance.

Wishing you and yours good health.

Subject: Hippo Mobility - Castlepoint

I am writing in relation to my concerns in relation to an operator :

Hippo Mobility lined to Advatech Healthcare Europe Limited owned by Samit Biswas and Ratna Biswas

It has come to my attention that Hippo Mobility are operating the following vehicles.

WX17 CJF WD17 ZDA WD63 UJA (ambulance) WX17 CJO WD17ZDA (Grand Torneo Connect – Believe this is licensed) I cannot confirm if they have the appropriate exemptions in place however I have been advised the licenses are on the dashboard of the vehicle.

Hippo have acquired further vehicles which I believe some are unlicensed and in use in London.

EX20ZTN (Toyota Yaris VVT) YD63UJA (Peugeot Boxer) SF65FGP (Peugeot Partner) SF15FMO (Peugeot Partner Tepee) YX15DXH (Fiat Doblo Mylife)

Ambulance YD63UJA. – This requires a C1 Licence holder to drive this.

I also understand there is no training in place for Stretcher and wheel chair training.

There is a section on the website <https://hippomobility.co.uk/about-us/>

for Drivers are trained on First Aid, CPR and disease specific patient transportation

Subject: Important Hippo Mobility - Castlepoint

I have just received a call from [REDACTED] to advise me a new member of staff has been instructed to doctor time sheets by the director.

Understandably some drivers do not keep personal records.

[REDACTED] has her documents so they cannot be falsified.

I am concerned that now the offices have been visited the pickups in London may vanish or be covered by a legitimate operator.

Wishing you and yours good health.
