Phase 1 due for completion by 1 May 2026 is rents only. All modules not part of rents system will need to be reforecast to establish clear process for future resource management. Key for implementation is that future modules are aligned with policies and procedures and fully embedded within the HRA. <p>Compliance update:</p> <ul style="list-style-type: none"> • Purchase orders for fire doors to go out by end of January. All works to resolve these fails have been completed. • Clarification on % completion of surveys as current numbers less than what was reported to Cabinet. The number reported was against original tender numbers not actual stock numbers. This has now been rectified. • Target for 100% completion of surveys by end of March 2026. However, all property archetypes within the Council portfolio have been surveyed which means that accurate assumptions can be made as to the fail rate of any properties not surveyed using data gathered on properties of the same type. 	<p>LC</p> <p>LC</p> <p>SC</p>

Gaining Access Policy going for Director sign off in the last week of January and CCTV Policy to be considered against corporate policy already in place. • Two successful housing service away days took place to look at service culture as identified in the root cause analysis. <p>ACTION: HM to meet with IB and AH to run through project book milestones and discuss where wider Council input is required with the aim to understand upcoming deliverables on a quarterly basis.</p> <p>ACTION: Milestones to be presented earlier in agenda at next HIPB.</p> <p>ACTION: Brief of housing service culture and behaviours to be reported at February HIPB following service away days.</p>	<p>SC</p> <p>HM/AH/IB</p> <p>HM</p> <p>RO</p>
